

Testing the align attribute. The text inside the right column should be aligned to the right.

right aligned	right aligned
---------------	---------------

Testing the align attribute. The text inside the right column should be aligned to the center.

right aligned	center aligned
---------------	----------------

Testing the align attribute. The text inside the right column should be aligned to the left.

right aligned	left aligned
---------------	--------------

Testing the align attribute. The text inside the right column should be justified.

right aligned	Long text to test justified alignment. This paragraph should break to the next line and hopefully the text will justify. If it doesn't align properly this test will fail, so hopefully I have filled this cell enough so that we can test the justify align attribute.
